GRAND REOPENING

CONFIDENTIAL — FOR PROSPECTIVE TENANTS ONLY

The Vision

A New Chapter for an Iconic Address

For decades, The Galleria was the heartbeat of Fort Lauderdale retail — a gathering place for the community and a destination for visitors worldwide. Under new ownership, The Galleria is undergoing a comprehensive transformation.

Our vision: a curated mix of luxury retail, experiential dining, wellness, entertainment, and lifestyle brands that reflects the sophistication of modern Fort Lauderdale.

This is not a renovation. This is a reinvention — and we are selectively inviting the world's most desirable brands to be part of it from the ground floor.

CURATED

A deliberate tenant mix — every brand selected to elevate the whole.

EXPERIENTIAL

Beyond shopping: dining, entertainment, wellness, and community.

ELEVATED

A luxury-leaning positioning that South Florida's affluent market demands.

Why Galleria

The Case for Galleria Fort Lauderdale

01

No Luxury Competitor

No true luxury retail destination exists between Miami's Design District and Palm Beach's Worth Avenue. The Galleria fills that void — exclusively.

03

Tourism Amplifier

12M+ annual visitors arrive by air and sea. The Galleria is the first upscale shopping destination they encounter — minutes from FLL and Port Everglades.

05

Curated, Not Crowded

We are deliberately limiting tenant count to maintain brand positioning. Early tenants benefit from exclusivity agreements and co-tenancy protections.

07

First-Mover Advantage

Brands that commit now receive the best locations, most favorable lease terms, and the right to shape the tenant mix around them.

02

Captive Affluent Base

ZIP codes 33304, 33316, and 33308 rank among the highest household incomes in Florida. These residents live, shop, and dine locally.

04

Year-Round Season

Unlike northern markets, Fort Lauderdale has no off-season. Florida's climate and a strong snowbird population sustain premium retail 365 days a year.

06

New Ownership, Fresh Capital

This is a fully capitalized redevelopment — not a patch job. New ownership brings resources, vision, and commitment to see this transformation through.

08

Ground-Up Infrastructure

Full MEP replacement, new HVAC, fiber throughout, EV charging, and premium parking. The bones are historic — everything else is brand new.
